

Message Reflection Guide

Generosity with Finances | 2 Corinthians 9:6-15

Begin with Prayer

Pray that the Holy Spirit would illuminate the words of Scripture so that you may understand how God is communicating with you.

Scripture

Read 2 Corinthians 9:6-15. Optional text: Luke 19:11-27

Observe

In what context is Paul telling the Corinthians to give?

How would the Corinthian Church have received this instruction (how would it impact them)?

How would the money be used? How important is it to know the details of how the money will be used for kingdom multiplication?

Apply

What type of “bad teaching” have you heard when it comes to giving? How has that affected your personal generosity?

What kind of “seeds” are you currently planting? Do you feel the Holy Spirit prompting you to plant more seeds?

How have debt or financial commitments prevented you from being generous? What are some steps to take to give yourself financial margin to be more generous?

What fears do you wrestle with when it comes to giving financially? Trusting yourself, others or God?

Can you recall a time when giving produced praise? Or when praising God led you to give?

How do you view giving financially to the local church, other ministries/organizations, and individuals in need? What role does each play in Kingdom multiplication?

Where have you seen God at work multiplying your finances?

Prayer

Close with a time of intentional prayer:

Father, everything we have is Yours. Teach us to trust You with our finances and to give with joy. Multiply our generosity for Kingdom impact, and let our giving reflect Your love. In Jesus’s name, amen.
